# SOYSOLV® CMR

An all natural green concrete mold release

## Physical Properties

SOYSOLV® CMR is an all green water based biodegradable mold release formulation for concrete and asphalt applications. It is specifically formulated for spray application and can be tailored for high viscosity brush on applications.

|                              |             |
|------------------------------|-------------|
| VOC, US EPA                  | <1%         |
| Lbs./gallon                  | 8.75        |
| Flash Point                  |             |
| Petroleum content            | 0%          |
| Viscosity (cps 75° F)        | 300         |
| 1% pH                        | 8.6         |
| Appearance                   | Thick brown |
| Odor                         | Pleasant    |
| Bio-renewable carbon content | >99%        |
| Biodegradable                | Yes         |

## Applications

- Concrete Mold Release
- Asphalt release
- General purpose
- Pour concrete 15-30 minutes after application of CMR on wood or metal forms

## Features

- US Gov Bio-preferred Approved
- All GREEN ingredients
- Easy to use
- Shake well before each use
- No Silicone
- No chemical polymers
- No halogens (Fluoro-polymers)
- Non-flammable
- Not aggressive to paint
- Dual performance release performance
  - Chemical reactivity
  - Film forming
